

product description

desktop and wall box made from plastic for an RF1000 reader

SIMATIC RF1000 desktop and wall box for all access control readers of the RF10x0R family

product brand name	SIMATIC RF
Technical Product Detail Page	https://l.siemens.com/1P6GT2890-0CB00
suitability for use	enclosure for placing on a table with rubber feet or mounting on the wall with screws
suitability for operation	for RF1040R, RF1060R, RF1070R
mechanical data	
material	Polycarbonate
color	Ti gray
ambient conditions	
ambient temperature	
• during operation	-25 ... +55 °C
• during storage	-40 ... +85 °C
• during transport	-40 ... +85 °C
design, dimensions and weights	
width	121 mm
height	24.5 mm
depth	75.7 mm
net weight	58 g

Security information	
security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement - and continuously maintain - a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry . Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly

recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under <https://www.siemens.com/cert>. (V4.7)
