

T&B Catalog Number: NFZ40E-23
UPC Number: 80432555618
Item Status: Active

Description:

NFZ contactor relays are used for switching auxiliary and control circuits. NFZ contactor relays include an electronic coil interface accepting a wide control voltage U_c min. U_c max. Only four coils cover control voltages between 24...250 V 50/60 Hz or 12...250 V DC. NFZ contactor relays can manage large control voltage variations. One coil can be used for different control voltages used worldwide without any coil change NFZ contactor relays allow direct control by PLC-output 24 V DC 500 mA and obtain a reduced holding coil consumption. NFZ contactor relays withstand short voltage dips and voltage sags (SEMI F47-0706 compliance) between 24...250 V 50/60 Hz NFZ contactor relays have built-in surge protection and do not require additional surge suppressors Poles: 4-pole contactor relays Control Circuit: AC or DC operated - Accessories: a wide range of Accessories is available.

Packaging

T&B Sold in UM:
T&B Weight per UOM: 7 lbs. per 100
