Specifications

Masterpact MTZ - Supervision of Installation & Commissioning (max 5 products)

LV8S0005

⚠ Discontinued on: 20 Mar 2024

⚠ To be end-of-service on: 31 Dec 2030

⚠ Discontinued

Main

Lifecycle Service	Installation & Commissioning
Applicable products	MasterPact MTZ
Product or component type	Installation & commissioning & startup
Service description	<p>Perform safety procedures</p> <p>Supervise the installation of MasterPact MTZ on site</p> <p>Perform MasterPact MTZ environmental inspection</p> <p>Perform visual inspection of MasterPact MTZ</p> <p>Check installation for proper operation</p> <p>Perform functional verification of correct operation including CB or contactor</p> <p>Train operator on site during execution of Installation & Commissioning</p> <p>Perform start-up of MasterPact MTZ if power available</p> <p>Deliver site work undersigned report</p>
Service benefits	<p>Manufacturer single point of contact on site with flexible scheduling</p> <p>Manufacturer trained field services representative using manufacturer tools</p> <p>Supervised installation in compliance with manufacturer' specifications</p> <p>Installation's surroundings checked with manufacturer' specifications</p> <p>Installation including connections checked with manufacturer' specifications</p> <p>Mechanical, communication, electrical features are checked</p> <p>Whole functionalities are available and ready to be energised</p> <p>Trained operator by manufacturer to operate MasterPact MTZ</p> <p>Documented traceability of the delivered service</p>

Complementary

Terms and conditions	Local terms and conditions apply
Service use conditions, context and limits	<p>Product delivered on customer site</p> <p>Performed during country normal business hours</p> <p>Standard site and product and equipment access</p> <p>Geographical restrictions may apply</p> <p>Facilitation of site access with on-site point of contact</p> <p>Operator available onsite for operation and maintenance training</p> <p>Power supply available for start-up of product</p> <p>Customer signs-off the completed service report</p> <p>Product operates in an environment that adheres to manufacturer specifications</p>
Excluded services	<p>Installation</p> <p>Restriction access, remote area and special transportation</p> <p>Time for onsite's customer safety training or health check</p> <p>Time for entrance permission</p> <p>Additional service out of involved product</p> <p>Trouble shooting of wrong installation</p> <p>Modification of civil work, anchorages or fixation</p> <p>Check of cables features and terminations</p> <p>Advanced operation and maintenance training of operator(s)</p>
