## I max ammeter module -100 A - 3 poles - for NS100..250

34849

⚠ Discontinued

### Main

|                           |                                    |
|---------------------------|------------------------------------|
| Device short name         | I max ammeter module               |
| Product or component type | Ammeter                            |
| Device application        | Metering                           |
| Range compatibility       | ComPact ComPact NS circuit breaker |
| Poles description         | 3P                                 |
| [In] rated current        | 100 A                              |
| Accuracy class            | Class 4.5                          |

### Complementary

|                      |                  |
|----------------------|------------------|
| Measurement accuracy | Ammeter: +/- 6 % |
|----------------------|------------------|

### Environment

|                                   |          |
|-----------------------------------|----------|
| Electrical shock protection class | Class II |
| IP degree of protection           | IP40     |
| IK degree of protection           | IK04     |

### Contractual warranty

|                      |    |
|----------------------|----|
| Warranty (in months) | 18 |
|----------------------|----|

Disclaimer: This documentation is not intended as a substitute for and is not to be used for determining suitability or reliability of these products for specific user applications

## Environmental Data

Schneider Electric aims to achieve Net Zero status by 2050 through supply chain partnerships, lower impact materials, and circularity via our ongoing “Use Better, Use Longer, Use Again” campaign to extend product lifetimes and recyclability.

[How we assess product sustainability >](#)

### Use Longer

| Lifetime extension |    |
|--------------------|----|
| Repair             | No |

### Use Again

| Repack and remanufacture |                                                                                                                                                                                                               |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| WEEE Label               |  The product must be disposed on European Union markets following specific waste collection and never end up in rubbish bins |
