

Product datasheet

Specifications

material test kit 1, Lexium MC12

LXMMCAMK001S100

Main

Range of product	Lexium MC12 multi carrier
Accessory / separate part category	Testing accessories
Product or component type	Kit

Complementary

Accessory / separate part designation	Magnet
---------------------------------------	--------

Packing Units

Unit Type of Package 1	PCE
Number of Units in Package 1	1
Package 1 Height	35.6 cm
Package 1 Width	18 cm
Package 1 Length	21 cm
Package 1 Weight	1 g

Contractual warranty

Warranty (in months)	18
----------------------	----

Disclaimer: This documentation is not intended as a substitute for and is not to be used for determining suitability or reliability of these products for specific user applications

Environmental Data

Schneider Electric aims to achieve Net Zero status by 2050 through supply chain partnerships, lower impact materials, and circularity via our ongoing “Use Better, Use Longer, Use Again” campaign to extend product lifetimes and recyclability.

[Environmental Data explained >](#)

[How we assess product sustainability >](#)

Use Better

Materials and Substances

Packaging made with recycled cardboard	No
Packaging without single use plastic	No
EU RoHS Directive	Compliant By Exemption
REACH Regulation	Reference contains Substances of Very High Concern above the threshold

Use Longer

Lifetime extension

Repair	No
--------	----

Use Again

Repack and remanufacture

Take-back	Yes
-----------	-----

Product benefits / Features

The infographic features a central 3D rendering of a Lexium MC12 motor assembly against a green background. Four circular icons are arranged around the motor, each with a corresponding text block describing a benefit. The icons include a gear with a lightning bolt, a computer monitor with a lightning bolt, a clock with a lightning bolt, and a magnifying glass over a waveform.

Benefits Lexium™ MC12

- Increase machine performance and flexibility by up to 50%**
Increase your productivity and flexibility with a cost-effective, efficient, and wide range of products to choose from.
- Reduce your time to market by up to 30%** with improved design speed and design quality of your machines.
- Achieve faster changeover time** by a simple virtual commissioning and mechanical installation without any special tools.
- Increase OEE of the machines**
Get faster, flexible machines with less maintenance and a higher level of diagnostics.
