

# Product datasheet

Specifications

power busbar kit, Altivar Process Modular, for connection between 2 power module

VW3A98ABPC1

## Main

|                                       |                                             |
|---------------------------------------|---------------------------------------------|
| Range of product                      | Altivar Process Modular                     |
| Accessory / separate part category    | Cabling accessory                           |
| Accessory / separate part type        | Busbar                                      |
| Product compatibility                 | Power module APM, 110...800 kW, 380...480 V |
| Accessory / separate part destination | Single drive architecture                   |
| Device application                    | To connect 2 side by side power modules     |

## Complementary

|                 |                                         |
|-----------------|-----------------------------------------|
| Kit composition | 3 DC busbar<br>3 motor busbar<br>screws |
| Product weight  | 0.7 kg                                  |

## Packing Units

|                              |           |
|------------------------------|-----------|
| Unit Type of Package 1       | PCE       |
| Number of Units in Package 1 | 1         |
| Package 1 Height             | 9.000 cm  |
| Package 1 Width              | 30.000 cm |
| Package 1 Length             | 30.000 cm |
| Package 1 Weight             | 1.699 kg  |
| Unit Type of Package 2       | S06       |
| Number of Units in Package 2 | 16        |
| Package 2 Height             | 75.000 cm |
| Package 2 Width              | 60.000 cm |
| Package 2 Length             | 80.000 cm |
| Package 2 Weight             | 38.384 kg |

## Contractual warranty

|                      |    |
|----------------------|----|
| Warranty (in months) | 18 |
|----------------------|----|

Disclaimer: This documentation is not intended as a substitute for and is not to be used for determining suitability or reliability of these products for specific user applications

## Environmental Data

Schneider Electric aims to achieve Net Zero status by 2050 through supply chain partnerships, lower impact materials, and circularity via our ongoing “Use Better, Use Longer, Use Again” campaign to extend product lifetimes and recyclability.

### Use Better

| Materials and Substances               |                                                                             |
|----------------------------------------|-----------------------------------------------------------------------------|
| Packaging made with recycled cardboard | Yes                                                                         |
| Packaging without single use plastic   | No                                                                          |
| EU RoHS Directive                      | <a href="#">Compliant</a>                                                   |
| REACH Regulation                       | <a href="#">Free of Substances of Very High Concern above the threshold</a> |

### Use Longer

| Lifetime extension |    |
|--------------------|----|
| Repair             | No |

### Use Again

| Repack and remanufacture |    |
|--------------------------|----|
| Take-back                | No |
