

DIN Releasable Class CC, G and Midget Fuse Block

Littelfuse Class CC, G and Midget fuse blocks have integral DIN rail mounting capabilities that allow secure mounting to 35mm “hat” type DIN rails. New releasable mechanism allows installation and removal of block without removing adjacent components on DIN rail. Electrical panel builders and machine builders no longer need to use mounting adapters, saving assembly time and related costs.

Standard Features

- Spring-free mechanism allows for easy installation and removal.
- Integral DIN rail mounting reduces assembly time.
- Quick-Connect terminals accommodate side or top connection.
- Class CC and G versions ensure branch circuit protection compliance.
- Finger safe cover (Class CC and Midget) available – SPL001.

Specifications

Voltage Rating:	Class CC, Midget: 600V AC/DC Class G: 480V AC
Ampere Rating:	Class CC, Midget: 30 Amperes Max. Class G: 25-30 Amperes
SCCR Rating:	Class CC: 200,000 amperes Class G: 100,000 amperes Midget: 10,000 amperes
Terminals:	SQ - Screw & Quick Connect (Q.C.) PQ - Pressure Plate & Screw / Q.C. C - Box Lug
Clip/Terminals:	Tin-plated copper alloy
Screw Terminals:	Zinc-plated steel
Box Lug:	Tin-plated copper
Molded Base:	Black thermoplastic
Molded Latch:	Red thermoplastic
Flammability Rating:	UL 94V0
Approvals:	Class CC, Class G: UL Listed (File E14721) Midget: UL Recognized (File E14721) All: CSA Certified (File LR7316)

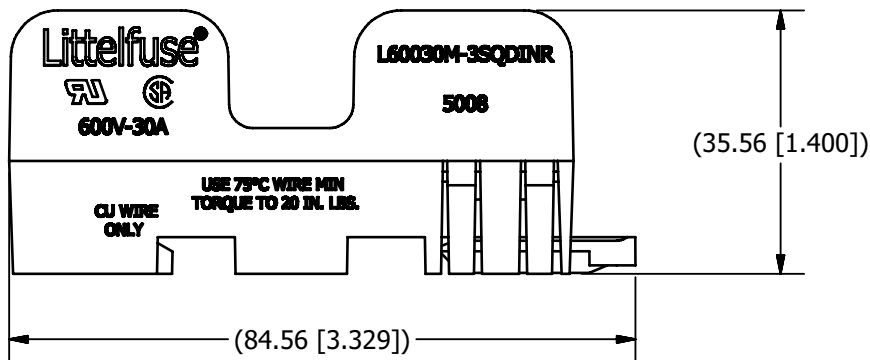

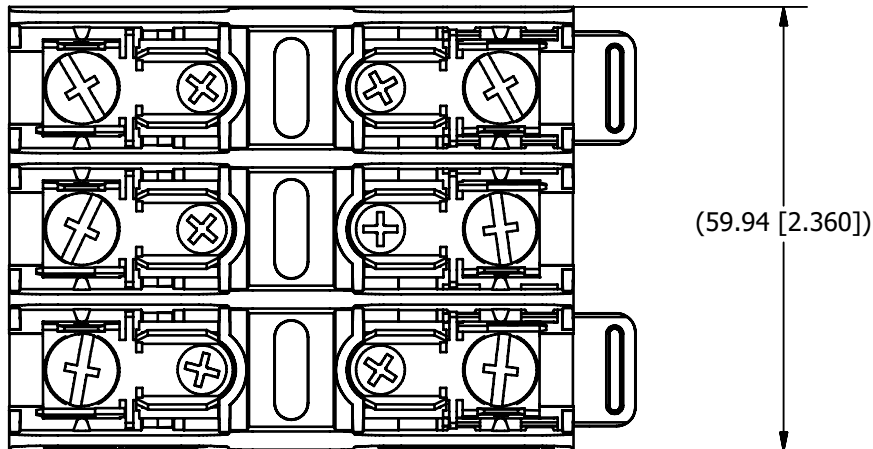

Ordering Information*

Class	Number of Poles	Catalog Number	Connector Type	Maximum Wire Size
Midget	3	L60030M-3CDINR	Box Lug	#6 CU
		L60030M-3PQDINR	Pressure plate with Q.C. Terminal	#10 CU
		L60030M-3SQDINR	Screw/Q.C. Terminal	#10 CU
CC	3	L60030C-3CDINR	Box Lug	#6 CU
		L60030C-3PQDINR	Pressure plate with Q.C. Terminal	#10 CU
		L60030C-3SQDINR	Screw/Q.C. Terminal	#10 CU
G	3	L60030G-3CDINR	Box Lug	#6 CU
		L60030G-3PQDINR	Pressure plate with Q.C. Terminal	#10 CU
		L60030G-3SQDINR	Screw/Q.C. Terminal	#10 CU

*1-pole and 2-pole configurations will be available soon. Please consult factory.

Dimensions of Class CC, Class G, and Midget Fuse Block

Dimensions: mm [in]

Recommended Fuses

Class CC: CCMR, KLDR, KLKR
Midget: BLF, BLN, BLS, FLA, FLM, FLO, FLU, KKK, KKKD, KLO, LA600-2
Class G: SLC 25, SLC 30
