

product description

clean room cover for a flush-mounted RF1000 reader

SIMATIC RF1000 clean room cover panel mounting for all access control readers of the RF1000 family.

product brand name	SIMATIC RF
Technical Product Detail Page	<a href="https://l.siemens.com/1P6GT2890-0CD00">https://l.siemens.com/1P6GT2890-0CD00</a>
suitability for use	After application of a silicone joint, an RF1000 reader can be operated in clean rooms, UV-resistant, food-safe.
suitability for operation	for RF1040R, RF1060R, RF1070R
<b>mechanical data</b>	
material	Polycarbonate
color	Transparent
<b>ambient conditions</b>	
ambient temperature	
• during operation	-25 ... +55 °C
• during storage	-40 ... +85 °C
• during transport	-40 ... +85 °C
<b>design, dimensions and weights</b>	
width	95.9 mm
height	8 mm
depth	66 mm
net weight	15 g

<b>Security information</b>	
security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement - and continuously maintain - a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit <a href="http://www.siemens.com/cybersecurity-industry">www.siemens.com/cybersecurity-industry</a> . Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly
