Specifications

## Analog Converter - Input 0...10V - output 4...20 mA

ABA6TA12A

⚠ Discontinued on: Jan 29, 2021

⚠ Discontinued

### Main

|                           |                                          |
|---------------------------|------------------------------------------|
| Range of Product          | Zelio Analog                             |
| Product or Component Type | Voltage/current converter                |
| Analogue input type       | Current 4...20 mA<br>Voltage 0...10 V DC |
| Analogue output type      | Current 4...20 mA<br>Voltage 0...10 V    |

### Complementary

|                                  |                                |
|----------------------------------|--------------------------------|
| abnormal analogue output voltage | < 0 V                          |
| [Us] rated supply voltage        | 24 V DC +/- 20 %, non isolated |
| Local signalling                 | LED                            |
| Net Weight                       | 0.099 lb(US) (0.045 kg)        |

### Environment

|                                     |                            |
|-------------------------------------|----------------------------|
| Ambient Air Temperature for Storage | -40...185 °F (-40...85 °C) |
|-------------------------------------|----------------------------|

### Ordering and shipping details

|                   |                                 |
|-------------------|---------------------------------|
| Category          | 22375-INTERFACE MODULE(ABA,R,S) |
| Discount Schedule | CP2                             |
| GTIN              | 00785901923756                  |
| Returnability     | No                              |
| Country of origin | DE                              |

### Contractual warranty

|                      |    |
|----------------------|----|
| Warranty (in months) | 18 |
|----------------------|----|

Price is "List Price" and may be subject to a trade discount – check with your local distributor or retailer for actual price.

## Environmental Data

Schneider Electric aims to achieve Net Zero status by 2050 through supply chain partnerships, lower impact materials, and circularity via our ongoing “Use Better, Use Longer, Use Again” campaign to extend product lifetimes and recyclability.

### Use Longer

| Lifetime extension |    |
|--------------------|----|
| Repair             | No |
