

LFR250602CID - LFR Series

Series: LFR Series

The new Littelfuse Class H and R blocks offer many advantages over previous generations that are noted in the features and benefits section. Class H and Class R fuse blocks are dimensionally the same, but Class R blocks incorporate a rejection feature, which only allows Class R fuses to be inserted.

Features & Benefits

- Indication offered on most 250V and 600V versions
- DIN Rail releasable for all non-knife blade style fuses
- Only one hand is required to release from DIN Rail (lock open lock closed)
- Universal mounting holes make for easy replacement
- Clip designs maximize electrical contact and minimize heat rise
- Reinforcing clips are standard on all Class R fuse blocks

Electrical Characteristics	Technical Resources	Environmental Info
Property (Mouseover for details)	Value	
Ampere Rating (A)	60	
Fuse Type	Class R	
Indicating	Yes	
Mounting Method	Bolt-In / DIN Rail	
VAC (V)	250
