

Part Number: **JLLS035.**Technology: [Fuses](#)Series: [JLLS](#)**JLLS Series - UL Class T Fast-Acting Fuse**

Space saving POWR-T™ fuses are the most compact fuses available in ratings above 30 amperes — less than one-third the size of comparable Class R fuses. When rated in accordance with the NEC, POWR-T fuses provide fast-acting overload and short circuit protection for non-inductive circuits and equipment. Used in inductive circuits, the
