Specifications

## Isobar B - switch disconnecter - 125 A - 415 V - 4P - RAL 9001

MGI1254

 **Discontinued on:** 17 Nov 2017

 **Discontinued**

### Main

|                           |                     |
|---------------------------|---------------------|
| Product or component type | Switch disconnecter |
|---------------------------|---------------------|

### Complementary

|                                |                          |
|--------------------------------|--------------------------|
| [Ie] rated operational current | 125 A at 415 V AC        |
| Poles description              | 4P                       |
| Cable cross section            | 50 mm²                   |
| tightening torque              | 3.5 N.m                  |
| Product destination            | Distribution switchboard |
| Colour code                    | RAL 9001                 |

### Environment

|           |                          |
|-----------|--------------------------|
| Standards | BS EN 60947-3<br>BS 7671 |
|-----------|--------------------------|

## Environmental Data

Schneider Electric aims to achieve Net Zero status by 2050 through supply chain partnerships, lower impact materials, and circularity via our ongoing “Use Better, Use Longer, Use Again” campaign to extend product lifetimes and recyclability.

[Environmental Data explained >](#)

[How we assess product sustainability >](#)

### Use Longer

| Lifetime extension |    |
|--------------------|----|
| Repair             | No |

### Use Again

| Repack and remanufacture |                                                                                                                                                                                                               |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| WEEE Label               |  The product must be disposed on European Union markets following specific waste collection and never end up in rubbish bins |
